Robust 14/1 Block Making Machine

Stationary electro-hydraulic block making machine in a heavy-duty single-column, upgradeable design with two steel columns, Vesconite bushes and wipers for easy maintenance. Uses 18mm pallets with a 20–25 second drop cycle (manual operator). Three-bank hydraulic control panel for tamper, mould box and pallet loading & ejection, with push-button pre-vibration and vibration control. Supplied complete with wiring, piping and one mould box (stock or maxi).
