Robust 14-2 Block Making Machine

Stationary electro-hydraulic block making machine in a heavy-duty, upgradeable design with two steel columns, Vesconite bushes and wipers for easy maintenance. Uses 18mm pallets with a 20–25 second drop cycle (manual operator). Four-bank hydraulic control panel for tamper, mould box, feeder box and pallet loading & ejection, with push-button pre-vibration and vibration control. Supplied complete with wiring and piping.
